ABSTRACT

A listing of leaders in the field of music education is provided. Compiled on the basis of questionnaires sent to state presidents of the Music Educators National Conference (MENC) and presidents of associated organizations, the catalog is divided into sections on MENC national executive board, secretariat, the six division boards, national assembly, auxiliary organizations, the "Music Educators Journal," the "Journal of Research in Music Education," the Fund for the Advancement of Music Education, and state music education associations. The latter, organized alphabatically by state, includes dates of the annual state conventions and contact persons. Also listed are the executive council members of various associated organizations and councils. A list of MENC publications concludes the catalog. (LP)

MENC OFFICIAL DIRECTORY

Registry of Music Education Leadership

This directory of leadership in music education, published by the Music Educators National Conference, has been revised and updated. Prior to compilation, questionnaires were sent to each state president and each president of the eight MENC associated organizations so that the latest possible information could be included. In many instances, terms of office are indicated; in the case of state music education associations, however, terms vary widely, and listings under this category will rapidly become outdated as states elect new officers.
